=====

BI4-Incident-Tracking has been definitively decomissionned in 03.2021

Ticket ID [#5250108] Decomm BI4 folder "526 - Incident Tracking Novecare"

*** For Incident Tracking Clamecy, there is an active publication this year, but for others no Webl report using these universes has been refreshed by end users in 2016 ***

Overview

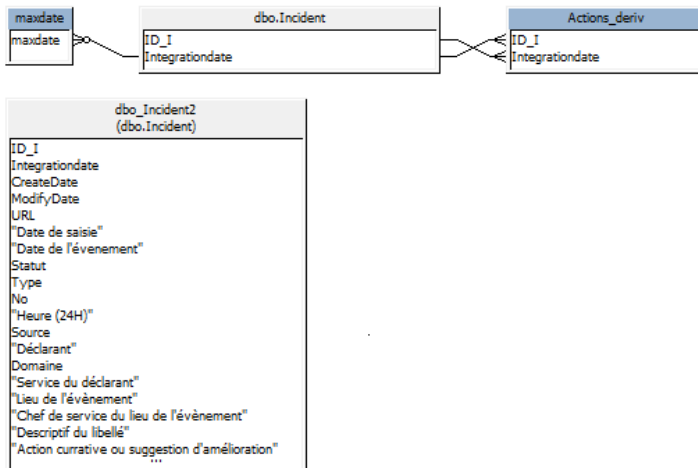

There are four similar applications that deals with tracking of incidents and actions taken.

Incident Tracking Clamecy; *Incident Tracking Halifax*; *Incident Tracking Ospiate* and *Novecare WW Incident Tracking*

Database Diagrams

Incident Tracking Clamecy

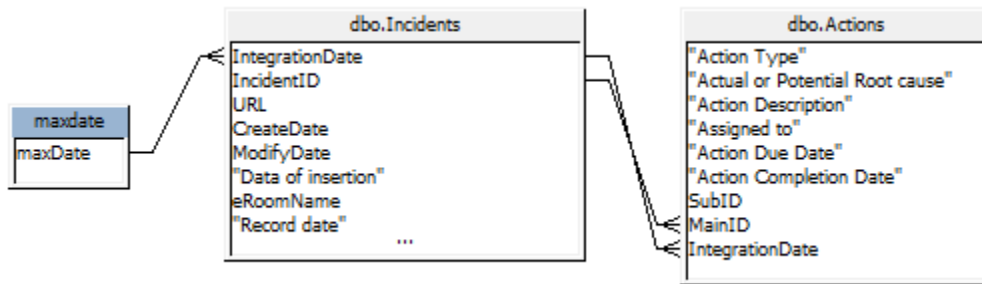

Data Loading

ITC snapshots are created in SQLServer replicated database once a week (Friday) from eRoom database.

Anyway only the latest snapshot copy for each month is kept in the replicated sqlserver database.

Incident Tracking Hallifax

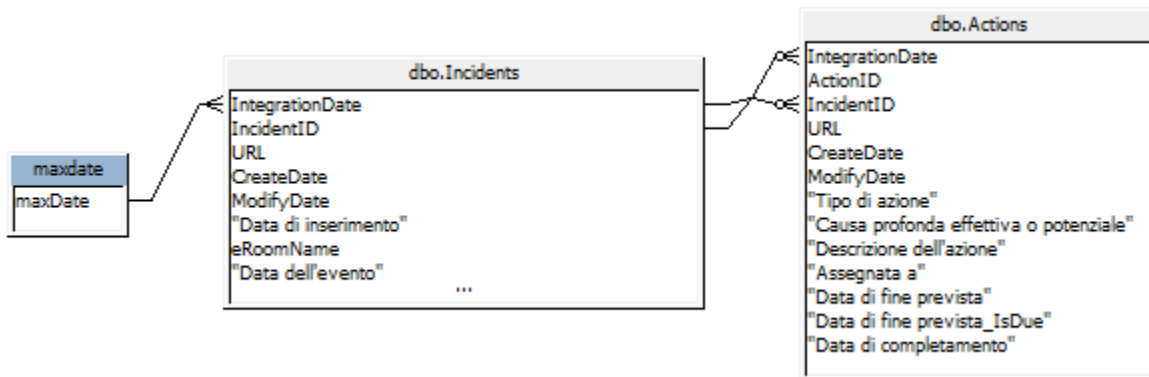

Data Loading

ITH snapshots are created in SQLServer replicated database twice a week (Monday and Wednesday) from eRoom database.

Anyway only the latest snapshot copy for each month is kept in the replicated sqlserver database.

Incident Tracking Ospiate

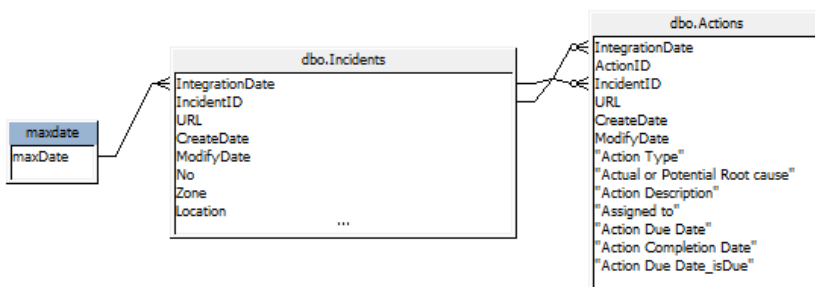

Data Loading

ITO snapshots are created in SQLServer replicated database twice a week (Tuesday and Friday) from eRoom database.

Anyway only the latest snapshot copy for each month is kept in the replicated sqlserver database.

Novecare WW Incident Tracking

Data Loading

NHQITC snapshots are created in SQLServer replicated database twice a week (Tuesday and Friday) from eRoom database.

Anyway only the latest snapshot copy for each month is kept in the replicated sqlserver database.

Universe Documentation

Incident Tracking Clamecy (ITC)

4 classes
43 objects
1 conditions
3 tables
1 alias
2 joins
0 contexts
0 hierarchies

Incident Tracking Hallifax (ITH)

4 classes
72 objects
1 conditions
3 tables
0 alias
2 joins
0 contexts
0 hierarchies

Incident Tracking Ospiate (ITO)

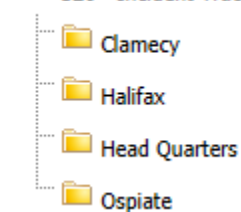

Novecare WW Incident Tracking (NHQITC)

4 classes
68 objects
1 conditions
3 tables
0 alias
2 joins
0 contexts
0 hierarchies

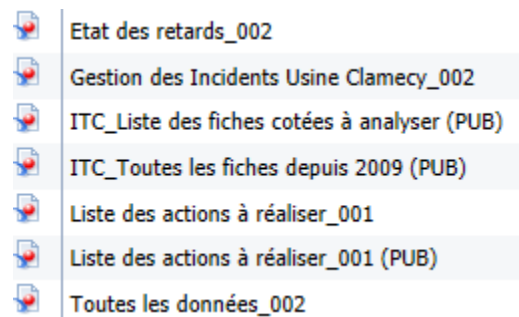

Main BI4 Core Reports

BI4 core folder: [526 - Incident Tracking Novecare](#)

526 - Incident Tracking Novecare

Clamecy

Halifax

-  Halifax : List of incidents
-  Incident Management Halifax
-  My Pending actions : Halifax
-  Status of Delays : Halifax

Head Quarters

-  HQ_Actions assigned to me_004
-  HQ_Data control for CLOSED EVENTS_001
-  HQ_Data control for OPENED EVENTS_001
-  HQ_Effectiveness Verification_003
-  HQ_What's behind schedule_004
-  Novecare HQ Incident Tracking_001
-  Novecare HQ Incident Tracking_002

Ospiate

-  OSPIATE_HQ_Incident_Tracking_001
-  OSPIATE_What is behind schedule_001
