

SAC IM

General presentation

Objective of the application

Dashboard responsible to provide Inventory Management analysis.

Usage information

Around 200 worldwide users.

Roles & Access

The SAC Models are prepared to restrict the user access by Global Business Unit (GBU), but it was decided to give the users plenty access currently:

Team	Team Description	Explanation
SD_VIEWER	SD Viewer	SAC Team

Note: Once the authorization police changes, new teams (GBU based) should be created and SD_VIEWER replaced.

Authorization objects

List of authorization objects mandatory for the application.

Authorization object	Explanation
SAP_IM_GBU	Dimension for Global Business Unit

Current Authority definition:

Welcome	MM-IM Total Stock (Detail)	Standard Value Total Stock (EUR)
	MM-IM SMOG (Detail)	Integrated Margin Integrated Margin
	MM-IM DIOH	SMOG as % of Total Stock Value Standard / Values (Stock)
		SMOG as % of Total Stock Value Integrated Margin Integrated Margin / Integrated Value (Stock)
		DIOH Quantity (AVG) DIOH Quantity with Average configuration and aggregated by GBU, Plant and Material
Stock Overview	MM-IM Total Stock (Detail)	Standard Value Total Stock (EUR) Integrated Margin Integrated Margin
Stock Analysis	MM-IM Total Stock (Detail)	Standard Value Total Stock (EUR) Integrated Margin Integrated Margin
Stock Details (Jump)	MM-IM Total Stock (Detail)	Standard Value Total Stock (EUR) Integrated Margin Integrated Margin
SMOG vs. Total Stock	MM-IM SMOG x Stock	SMOG as % of Total Stock Value Standard / Values (Stock) SMOG as % of Total Stock Value Integrated Margin Integrated Margin / Integrated Value (Stock)
SMOG Analysis	MM-IM SMOG (Detail)	SMOG IN - SMOG with Operation FIRST
	MM-IM Anticipation	SMOG END - SMOG with Operation LAST
SMOG Details (Jump)	MM-IM Anticipation	N/A
DIOH	MM-IM DIOH	DIOH Quantity (AVG) DIOH Quantity with Average configuration and aggregated by GBU, Plant and Material
Glossary	N/A	N/A

Loading Frequency

- Weekly for STOCK, every Tuesday morning.
- Monthly for SMOG, 3rd day of following month.

Note: Due the high volume of data, the Import Jobs are broken by GBU:

Files / MM-IM Total Stock (Detail)		
Model	Data Management	General Edit Data
Data Management		
☐ Total Stock Detail (Historical) - SP	Total Stock Detail (Historical) - SP SAP BW	Unscheduled
Total Stock Detail (Delta) - TS / PE / ... Refresh all in order Skip any failed query		
☐ Total Stock Detail (Delta) - TS / PE / ...	Total Stock Detail (Delta) - TS / PE / PA SAP BW	Weekly Every week at 8:00:00
☐ Total Stock Detail (Delta) - CH / SI	Total Stock Detail (Delta) - CH / SI SAP BW	Weekly Every week at 8:00:00
☐ Total Stock Detail (Delta) - SP	Total Stock Detail (Delta) - SP SAP BW	Weekly Every week at 8:00:00
☐ Total Stock Detail (Delta) - CM / SD	Total Stock Detail (Delta) - CM / SD SAP BW	Weekly Every week at 8:00:00
☐ Total Stock Detail (Delta) - CT	Total Stock Detail (Delta) - CT SAP BW	Weekly Every week at 8:00:00

Troubleshooting

- In case of failure, the job reports the error by the icon below and in the right corner is possible to resume from the job in error or repeat all.

MM-IM: Weekly - TS / SP Group		Refresh all in order	Stop if any query fails	
☐	MM-IM: Weekly - TS / SP	MM-IM: Weekly - TS / SP SAP BW	Weekly Every week at 8:00:00	Refresh all Resume after last failure
☐	MM-IM: Weekly - CH / SI / CT	MM-IM: Weekly - CH / SI / CT SAP BW	Weekly Every week at 8:00:00	Dec 14, 2021 9:01:39
☐	MM-IM: Weekly - CS / OG / PA...	MM-IM: Weekly - CS / OG / PA / PE SAP BW	Weekly Every week at 8:00:00	Dec 14, 2021 9:23:21
☐	MM-IM: Weekly - CM / SD	MM-IM: Weekly - CM / SD SAP BW	Weekly Every week at 8:00:00	Dec 14, 2021 9:28:36

- The status button provides extra clarifications of the reason for errors if persists after first action, if no roll memory (select the job and try to reduce the data scope by edit query); in case of missing fields in the agent, the action to be done is recreate the job using as reference other existent job).

Note: Due the high volume of data, the Import Jobs are broken by GBU:
