

QUIKLOAD files for DOMO

Today, the QuikLoad is no more working

To be able to continue to load data for DOMO, they send the file via mail (ticket), and CGI place received files in EXPLOITARRIVEE for them to be loaded with the night job

Only 3 types of data are still loaded :

 QUIK_GL_COST_SALES_FREPA-EJAPIOT_EJAPIOT_v12_2021...
 TMP_GL_GMARGIN_TRANSF_FREPA-EJAPIOT_EJAPIOT_v12...

Corresponding tickets :
