

BW - General presentation

<---- Draft update in progress-->

Team :

[IS DATA SOLUTION - BI & Reporting Team](#)

Relationship between all systems and BW systems :

The Solvay BW ecosystem is composed with 3 BW systems due to historical story, one BW (ID : WBP) which contains the mains and all new applications, another (ID : PQ1) for some existing application linked with PF1 system and third for HR (ID : PQ2)

Newcomers

TECHNO - Holidays and Travel : Fill this file with all presence/absence (holidays, travel and so on)

Freshdesk : Ticketing tool, can be used for authorisation request
