

Data Governance Learning Portal

Welcome to the Data Governance Learning Portal Page!

This main page serves as your gateway to all essential resources for understanding and implementing Data Governance (DG) within our organization.

Here, you'll find:

General Data Governance Awareness Page: A comprehensive guide that outlines the DG Model within Solvay.

Business Glossary Page: A curated collection of training resources, including high-level decks, process guides, and training videos to help you grasp Business Glossary concepts and apply them effectively.

Data Quality Page: A curated collection training resources, including high-level decks, process guides, and training videos to help you grasp Data Quality concepts and apply them effectively.

Use these resources, together with [Solvay's Data Governance Model](#) to enhance your knowledge and actively contribute to our organization's data governance efforts
