

Allocation Structure

[Business Term Status](#) | [Business Term Definition](#) | [Roles](#) | [Data Sources, Type and Classification](#) | [Data Protection and Update Frequency](#) | [Data Quality Issues and Rules](#) | [Related Business Terms](#)

Business Term Status

The Business Term is currently **validated** by the Data Governance Committee.

Business Term Definition

An allocation structure comprises one or several settlement assignments. An assignment shows which costs (origin: cost element groups from debit cost elements) are to be settled to which receiver type (for example, cost center, order, and so on).
