Business Term Status

The Business Term is currently **validated** by the Data Governance Committee.

Subdomain

CATALOGS

Business Term Definition

Scheme of classification used to categorize products and services. The United Nations Standard Products and Services Code® (UNSPSC®), which is an open, global, multi-sector standard for efficient, accurate classification of products and services, is implemented in the platform. Its commodity codes are used externally (i.e. by the seller) and transcoded in material group codes used internally (i.e. by the buyer).

Roles

Data Owner	Data Steward
