## Business Term Status

The Business Term is currently **validated** by the Data Governance Committee.

## Business Term Definition

An IECRA is the combination of:

1. a division: groups of similar products or product lines produced with the same technology;
2. a distribution channel: channel through which saleable materials or services reach the customer

## Roles

| Data Owner                                                                | Data Steward                                                              |
