

Corporate PRS Master Data - How to request access

**SAP Access Request**
Access & Applications, SAP Application Access Request, Industrial, HSE, SAP, Data, Analytics & AI services, SAP Access Request, SAP PF1, SAP WP1

Description
This service is to perform activities related to SAP Users, such as: User Creation, Assign access to an existing user, Remove access from an existing user and Reactivation.
And these SAP Users are related to either Human Accounts (as your own account or requesting for a colleague) or non-Human Accounts (as for Stock Point Online, Test User, Robotic Process Automation, FireFighter Id, Technical Account, Ecommerce and Extranet).

SAP Systems in scope:
1.WP1 - RCS
2.PF1020 - ERP
3.PF1050 - PRS
4.**WBP** - BW Business Warehouse

QTY: 1
