The Samples Analysis section allows users to track the Samples data that is in Salesforce.

The first graph is the # of Sample Requests Trend. This graph can display the number of samples requested by month, GBU, Product Lvl 2, Manufacturing plant, and product classification. Use the indicated toggle by right clicking on it to change the view to one of your choice:

The graph on the right displays the percentage of sample requests by category or product status:

The details table at the bottom of the screen displays valuable information about the samples from Salesforce. Use the indicated blue arrow to link directly to the sample request.
