Qlik Sense - Introduction

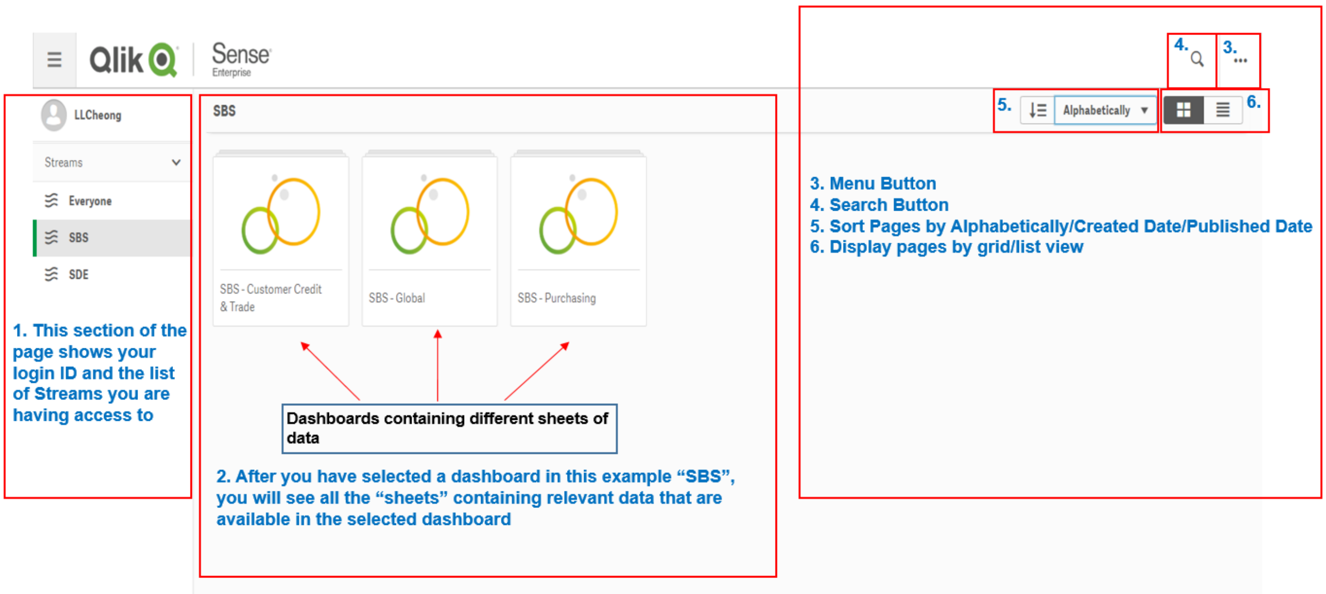
> **Note**
>
> Depending on the dashboard and perimeter you select, a request will be sent to the dashboard owner for approval.
>
> Google Chrome : If you have issues with the zoom or screenshot features, clear cache & cookies.

Getting Started

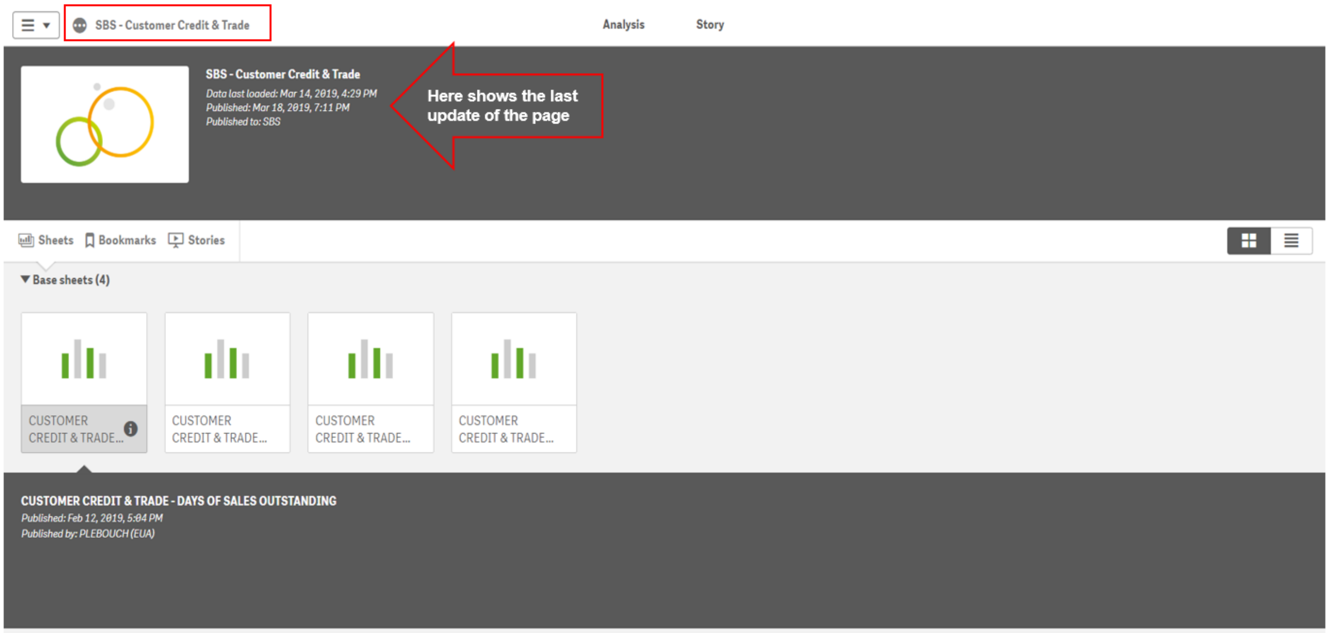
To get started on the QlikSense:

1. Go to the QlikSense Access Point : https://qliksense.solvay.com

Qlik Sense - The Hub



Qlik Sense - App Overview



When one of the dashboard is selected, in this example "SBS – Customer Credit & Trade", it will open all the sheets available. You can hover over to each sheet and click on ⓘ to view the details below.
