

Customer > Customer Service > Invoices - Right First Time OLD

Supply Chain Excellence
Roberto Navone

D&PS Expert
Donia Rachdi

General Description

This indicator explores the number of original invoices, corrective documents and percentage on invoicing accuracy. In other words, how much re-work (debit/credit notes) Customer & Service process is taking from invoices.

KPI:

- % Invoices - Right First Time (All Motives)
- % Invoices - Right First Time (Customer Service Motives)
- #Orders with Debit/Credit Notes

Target Users

- Supply Chain Managers
- Supply Chain Operational
- Supply Chain Excellence
- Logistics
- Customer Service
- Account Managers

Authorization & Rights

All the accesses must be validated by:
