

Project MuSigma - TLC: Product Overview

Key Contacts

Role	Name	Email	Location (Country / Site)
Key User / Owner	Patrick Vanimpe	patrick.vanimpe@solvay.com , nicolas.demoulin@solvay.com	NOH, Brussels, Belgium
	Nicolas Demoulin		
SBS Project Manager	Antoine Rey	REY, Antoine	Solvay Lyon, France
MuSigma Project Manager	Devajyoti Ghosh	Leelaram.Tenneti@mu-sigma.com	India
Lead Architect	Alexandre Mathe	MATHE, Alexandre	Solvay Paris, France

Objectives

Classification of chemical images using AI

Description

Provider Mu Sigma shall design, create, and provide Solvay with an automated chemical recognition, search and reading tool. The customized UI frontend will be built on an open source platform having database search options with an ability to classify new chemical images provided by new experiments reports once uploaded.
