

IT Council Decisions

To improve transparency and streamline decision tracking across all IT Councils, starting in 2025, we will use this Confluence space to record Key Decisions and Meeting Notes. This approach will enhance organizational visibility and ensure all decisions are easily accessible.

Key Points:

- **Quarterly Meetings:** Council Decisions Meetings will be held every quarter.
- **Portfolio Exclusion:** The Portfolio team will not participate in these meetings but will monitor key decisions through the published meeting minutes. Please ensure your council's decisions are documented on your dedicated page.
- **Documentation:**
 - Each Decision Council has a dedicated page with a table to track Key Decisions.
 - A meeting minutes template is available for your convenience.
 - Links to relevant [Roadmaps](#) and the [Decision Council Folder](#) (for storing related documents) are provided.

Next Steps:

- Please use your council's dedicated page (linked below) to find all necessary information and to document your decisions.
- For any questions, contact the Portfolio team. Contact details are available below.

If you need further clarification or assistance, feel free to reach out.
