Hotline & Booklet

Manager the business priorities and expectations for setting goals. Review with them the Check-in & Snapshot processes.

ler the following questions:

rted interacting with people outside of my entity?
taining a solid connection with my manager, colleagues and buddy? Are you sharing with them your learning & experiences?
feeling about the new role I am responsible for?

st month, you are expected to:

a meeting with your manager to talk about your 1 month onboarding experience
optimise and continue to build on the network that you were able to connect
a call with your buddy on how you both wish to wrap up
ference by contributing to Syensqo's [Sustainability](#) Mission.
in making Syensqo inclusive through our Fair & Inclusive Culture ([One Dignity](#)) Goals
d participate in Syensqo's different [Employee Resource Groups \(ERGs\) & Catalysts Groups](#) worldwide
Syensqo cares about your [well-being](#) and has available resources for you explore and access

o this page for any question you might have regarding your onboarding process.

nent and necessary accesses ready and working is crucial to get onboarded quickly. If your IT onboarding did not happen as expected,
[Service Desk](#) and communicate the onboarding ticket number (created by your manager) to them.

Code of Business Integrity Training and Annual Certification

of Business Integrity (CoBI) is the foundation of how we operate, reflecting our Group's strong values and culture. It applies to all
s worldwide, as well as third parties acting on Syensqo's behalf.

liance Campaign 2021, all employees are required to complete the CoBI Training and the new Annual Acknowledgment and
pliance. The training, available in 17 languages, consists of a course and a quiz, and focuses on current strategic topics. It takes
minutes to complete and can be accessed [here](#).

the training and the annual certification is mandatory for all employees and must be done within 30 days of notification (scheduled for
n-compliance will be reported to upper management and may have further consequences. During the certification process, employees
firm that they have completed the training, are aligned with Syensqo's ethical standards, and to report any known non-compliance

is, it is mandatory to complete the Code of Business Integrity Course on YOUGrow within your first week.

Request Update to IT Access
Onboarding tasks

Employee needs to follow the standard recruitment process, starting with the creation of position, the posting of a requisition, and the requisition will be launched after the internal employee has applied to the requisition and accepted an offer. The internal transfer will be recorded and the internal employee will be moved to the position that you created at the start of the recruiting process.

Click the icon above to go to My HR Services; then select "Onboarding" from the Home drop down menu]

Click the Onboarding Dashboard in My HR Services to utilize your digital New Hire Checklist to remain organized and perform additional tasks in the tool to support a new joiner's experience, such as:

- Assign a Buddy

- Assign a New joiner to their future network

- Review pending Useful Links

- Access useful information for New Joiner's First Day

The HR team will move the internal employee to the new position, apply any change such as salary, grade level, etc. based on the internal position. **Internal transfers may only be effective on the 1st day of the month (except for the US which follows the US Payroll cycle).**

Don't Panic!

Remember:

- Follow up an onboarding process in My HR Services - User Guide

- Use the checklist in My HR Services to prepare the new joiner start- User Guide

- Personalize the new joiner's experience with the onboarding tasks in My HR Services - User Guide

Request transfers as possible, but no later than ONE (1) week before transfer date. After submission of the service request, Service Desk will process the request within 5 business days.

IT Crossboarding Request On/Off Boarding

Click the icon above to go to the ticket in Syra]

The Employee status change - IT Request will help you to ensure your transferring employee can start their new role with all the relevant IT resources & services. This request covers:

- Transfers (transfers within the same country)

- Internal Transfers (transfers from one country to another)**

- Request catalog if any NEW applications or equipment are needed for the user.

With this change, Managers need to confirm if their employee's current accesses are already adjusted to their new job and if the old ones have already been removed. Please consider all the systems that could have impacts in security, reputation and confidentiality.

[6. Ways of Working \(SWOW\) -Workplace Experience](#)
[7. Onboarding](#)

[8. Moment Matters](#)
[9. Role](#)
[10. Onboarding](#)

The first 90 days for new joiners is critical for their seamless integration with our ways of working, purpose and vision. This integration belongs to the HR function and enables them to get up to speed faster. It also paves the way for creating the right conditions for the newcomer to succeed in their role.

The Employee Engagement Journey, Leaders are now fully in charge of their new team member's onboarding experience - from the moment they receive the offer until they are fully onboarded in the job, the team and the Group. The collaboration between recruiters, hiring managers, Site HR and HR Services is crucial to ensure a smooth transition from recruitment to onboarding.

The new feature in MY HR Services is available to support leaders in organizing the arrival of their new team members and to welcome and support them during their onboarding.

Recruiters, HR Services, Payroll, and Site HR users have access to the onboarding dashboard with various roles.

Recruiters take the lead in hiring the employee after the recruiter confirms an offer acceptance and the candidate completes their onboarding information, forms and documents.

Payroll teams complete & approve hiring information in Employee Central, hrX and Time Management App once they receive the information from Recruiters.

Site HR has visibility in the onboarding dashboard to follow up on the status of new joiners at their site and are responsible for compliance with local regulations and collection/processing of local forms until the progressive go-lives of country specific onboarding.

HR Services collaborates in collecting necessary documentation from new Joiners when **Onboardings are manual** (not through the Employee Central Onboarding).

Recruiters use the **HR User Guide** with step by step instructions for My HR Services Onboarding.

From 2023 onward, the **Home Address** and the corresponding required fields become **mandatory** for **China** Onboarders during Personal Onboarding.

[Buddy Program Guidelines](#)
[Onboarding Best Practices for Managers](#)
[Organizational Announcement Guidelines](#)
[Recruitment - Guidelines for HR](#)

Provide all of the information required to...
Inform the candidate on the next steps an...
Inform the hiring manager on the next ste...

It is to provide all of the information required to initiate the onboarding process before moving the candidate to "offer accepted".

• accurate start date : last updated start date after offer negotiation.

Less days are required between onboarding initiation and start date for a successful onboarding process

Shortened up to 10 business days if the manager commits to following up with the new hire to ensure onboarding tasks are completed

The start date in the onboarding tool is retrieved from information entered during offer approval -> any change in the start date information after the approval of the offer should be shared as comments when the candidate is moved to the "offer accepted" step.

Internal transfers: start date is always on the 1st of the month.

in

The offer letter must be managed in the recruiting tool. Required information for onboarding will be inserted based on information provided in the offer letter. If the offer is managed outside recruiting tool (exceptionally), upload the offer letter manually in the candidate's file in the tool

All offer information required for onboarding is present in the offer letter. In case of any information missing, add them as comments leading to offer accepted. **Following information are required for the onboarding process:**

limited duration contract: duration and end date are required)

Initiator is a student or a trainee

Within 5 days, candidate will receive an email with login information to access the onboarding platform. In case they don't receive any email, the candidate can introduce a ticket as explained below

When sometimes arrive in the spam, candidate should check their spam folder

It is the importance of completing their onboarding tasks as soon as possible

There are 2 tasks to complete in the onboarding portal. After completing the first one, a second one will become available. New hires are notified every time a new task is available for them to complete

In case of question or need for support: candidates can introduce a ticket via [HR support request](#) form. The hiring manager will receive an automatic email notification once onboarding has been initiated

The hiring manager can follow up on the onboarding process of their new hire in the onboarding section of **My HR Services**

The start date should not be changed after onboarding has been initiated, changing the start date can create major complications in the onboarding process

In exceptional cases, and under valid circumstances, a change of start date can be requested using the [SyRa Onboarding request](#)

Managers should ensure that managers request IT access and equipment using the [Onboarding - IT Equipment & Access](#) request ASAP and no later than before the 1st working day (request for their new hire becomes available 24 hrs after onboarding initiation)

In case of questions or need for support, managers can request support via [SyRa onboarding request](#).

Managers can consult the [HR Wiki onboarding information](#) for support.

's team

a new start date, after the onboarding was initiated, needs to be shared to the Workforce Data Admin (WDA) team by the **Manager** so ct it either in the Onboarding module (if the ONB process is still in progress), or in Employee Central (if the ONB process was already

informed that the start date has changed and needs to be corrected, **please inform the Manager that they must submit a ticket to es [SyRa > Catalog > Human Resources > Onboarding](#) service request and provide the employee's name and new start date.**

[Privacy Notice](#)

› [the Employee Privacy Notices?](#)

[Data Protection Awareness](#)

Privacy Notice must be communicated to all employees (Regular, Impatriate, Apprentice and Trainee) located in the European Union as soon as we collect their personal data.
Transparency, notices by country give information about the generic and local collection and processing of personal data.

Privacy Notice, in PDF format to be attached to the employment agreement.

Introduce the support document **"KEEPING DATA SAFE"** during the welcome session of new colleagues:

During its activities, we process the personal data of customers, suppliers, employees and all individuals with whom the Group maintains a relationship. The Syensqo group, in line with our Values, is committed to respecting personal data privacy and security requirements in all the countries we operate.

What is personal data? Personal data is not only data directly identifying a person such as their name, but much more broadly any data that identifies a person. (slide 2)

How does Syensqo protect data? Syensqo ensures the protection of personal data by design by respecting key principles relating to the collection and security of data. (slide 3)

What can you do? As part of your job, you need to acquire good reflexes in storing and sharing personal data to avoid any risk of data loss. (slide 4)

SWOW: A Matter of the Workplace

SWOW Matter?

SWOW as an HR

Working (SWOW) environment impacts the way we interact with others. What if a less classical setting could boost collaboration, productivity, empowering the employees to deliver at their best: alone, as a team or in project mode? Let's actively lead the change!

SWOW ambition, understand the intent and support managers & teams in the transition, help them to take the best of the transformation. As a change Plan, unveil the **main principles** of the change, empowering people and engaging the managers in the process, in the frame of working.

SWOW role you are expected to play in a transformation project and figure out what a **change plan** could look like in practice. You are an interdisciplinary team, able to make this a success and to favor the adoption of the SWOW.

Look at the SWOW **Wiki page** to feel more comfortable with all the concepts?
