

Micro-Injection Molding

APPLICATIONS		THEORY, KNOWLEDGE, & MODELS:	CAPABILITIES:
Smart Devices:	Camera / magnet frame and lens elements blocked URL Thin walled connectors & fasteners 	Micromolding Virtual Engineering 	Syensqo Micromolding Processing Capabili (Updated 2025) 
	Healthcare: Surgical implants, screws blocked URL Micro needle (transdermal) patch 	Sodick & Friends Micromolding Webinar (Sept. 2025) ADL Micromolding Whitepaper MD&M West 2026 Presentation (in progress) Tech Day Poster 2026 (in progress) IKV (Institut für Kunststoffverarbeitung)	Project archive: • Camera frame project (ARPA Confidential) • Connector project • Micro needle project • Micro tensile bar project • Micro spiral project
