

[MSD] Structure Data Home

The Structure team (MSD - Material, Structures & Data) works on customizing structure tables in development SAP systems such as company, plant, sales organization, distribution channel, purchasing organization, etc. We are also responsible for customizing reference tables such as payment terms, calendars, units of measure, etc. We work collaboratively with GBUs through Data Stewards who review and validates customizations, as well as with colleagues from Corporate Secretary, PSL, Finance, Industrial, Sales, Logistics, etc.

Complete these tasks to get started

- Edit this home page** - Click *Edit* in the top right of this screen to customize your Space home page
- Create your first page** - Click the *Create* button in the header to get started
- Brand your Space** - Click *Configure Sidebar* in the left panel to update space details and logo
- Set permissions** - Click *Space Tools* in the left sidebar to update permissions and give others access
