Introduction

Welcome to our SAP Environment, Health, and Safety (EHS) Team News Page. This space is designed to keep our team informed, connected, and up to date on all important activities and developments. Here, you will find announcements, upcoming events, key tasks, and essential resources relevant to our daily work. Please check this page regularly for the latest updates, and feel free to contribute suggestions or feedback to help us improve our collaboration and communication. Together, let's ensure a safe, compliant, and efficient working environment for everyone.

Upcoming Events

- List of scheduled meetings, training sessions, audits, or workshops.

Key Tasks & Deadlines

- Overview of major ongoing or upcoming tasks.
- Assign responsible persons for each task.
- Include due dates and status updates.

Ticket Management

[Click here to redirect to Ticket management at EHS page](#)

Recent Updates & Announcements

- Summaries of recent changes, completed projects, or important decisions.
- Links to detailed documentation if needed.

Team Calendars
