Additional Comments

- Type of Request** - Tier X Account
- Entra ID Tenant Name** - [syensqosa.onmicrosoft.com](https://syensqosa.onmicrosoft.com) ([syensqo.com](https://syensqo.com) Prod)
- Action** - Creation
- Employee Type** - Employee/Contractor
- Account Validity** - 6 Month
- Business Justification** - Joining Data Team and going to work on Azure Data Platform and would need the SQO account created for the SySight project resources on azure.

## Validation

Once SQO account is created, please try accessing Azure portal - : <https://portal.azure.com/> and Fabric Workspace - <https://app.fabric.microsoft.com/> using SQO account.

It might ask to reset the password, please do so.

**Note** - You won't be able to see any subscription in Azure portal and workspaces in Fabric Workspace, separate request is required, please check next section - [Access Provisioning to Azure](#) and [Access Provisioning for Fabric Workspace](#)
